Student Feedback

(This document is applicable for the Covid 19 experience)

The aim of this student feedback is to determine how you as a student experience the effectiveness of the lecturer's teaching. This information will assist the lecturer to improve the teaching-learning experience of the student if necessary. We are aware of the challenges as we have to continue with our academic program despite the COVID-19 outbreak and lockdown. We are also aware that lecturers and students are outside their comfort zones, but we have tried to accommodate everyone as far as possible. You are therefore requested to be honest with your responses. **Your name or student number is not required.**
